

EGRO BYO QUICK CLEANING REFERENCE

Daily Cleaning of Coffee System

1 On the upper right corner of main screen of the BYO, tap on the water drop icon to enter cleaning menu. 

(Alternative method, press 3 lines in upper right corner and choose operator menu and enter password, 1234).

2 Tap on Coffee & Milk cleaning.

Note: If your model doesn't include automatic milk delivery you only need to choose the Coffee Cleaning option.

3 Follow on-screen instructions. Remove the coffee grounds bin and empty. Wipe off clean and put the grounds bin back in the machine.

4 Insert cleaning tablet into the chute on top of the machine.

*Use one (1) Coffee Machine Cleaning Tablet

5 Caution: HOT water from the machine will pour from the drink spout.

When the cleaning is done, clean the drip tray with clean wet towel. The machine is now ready for use.

DO NOT SHUT OFF THE MACHINE DURING CLEANING

It will cause the machine to become disabled and your warranty may be voided.

Powering off the machine will NOT reset the cleaning counter. The only way to unblock a machine that has been blocked due to lack of cleaning is to perform the complete daily cleaning.
